

This is to certify that the management of Alison has decided to award Aliaskar Urakov living in Kazakhstan the certificate of completion in JavaScript - Working with the Document Object Model and jQuery Plugins.

### Learner Details

**Name:** Aliaskar Urakov  
**E-mail:** urakov.aliaskar@gmail.com  
**Country:** Kazakhstan

### Course and Result

**Score**

80%

**Study Time**

13:48:41

#### JavaScript - Working with the Document Object Model and jQuery Plugins

The free online course JavaScript - Working with the Document Object Model and jQuery Plugins introduces you to the concept of the Document Object Model and how you can add greater functionality to your web pages using jQuery plugins. When a web page is loaded, the browser creates a Document Object Model (DOM) of the page. The HTML DOM model is constructed as a tree of objects and JavaScript can interact with elements in the DOM to add much greater functionality and interactivity to web pages.

### Modules Studied

- Module 1:** JavaScript and the Document Object Model
- Module 2:** Introduction to jQuery
- Module 3:** JavaScript - Working with the DOM and jQuery Assessment
